WESTERN ISSUES NOTICE ANNOUNCING PROPOSED HOOVER MARKETING CRITERIA

Western recently issued a Federal Register Notice (FRN) of proposed marketing criteria for allocating the Hoover power made available by the Hoover Power Allocation Act of 2011. A copy of this notice can be found at:

http://www.crchoverallocation.com/files/20121101_WAPA_BCP_Post_2017_FRN-Proposed_Marketing_Criteria.pdf

Western has developed proposed criteria for public consideration as part of its Hoover power allocation process. The CRC and all other interested entities have the opportunity to comment on Western's proposed marketing criteria and to make recommendations and provide alterna-

tives for Western to consider prior to finalizing the marketing criteria.

Western will be conducting three Public Information Forums, Nov 27 in Las Vegas, Nov 28 in Phoenix and Nov 29 in Ontario, CA, to further explain their proposed Hoover marketing criteria. All Nevada interested entities may attend these Public Information Forums to gain a better understanding of Western's current proposals. In December, Western will hold three Public Comment Forums providing an opportunity for any interested entity to offer oral questions or comments on Western's proposed marketing criteria. These Public Comment Forums will be held on December 18 in Las Vegas, Dec 19 in Ontario, CA and Dec 20 in Phoenix. Lastly, interested entities may submit written comments to Western by January 11, 2013, after which Western will finalize the marketing criteria.

ATTEND OUR DECEMBER 10TH, 2012 INFORMAL PUBLIC MEETING

CRC WILL HOST AN INFORMAL MEETING FOR NEVADA POTENTIAL APPLICANTS

The CRC will host an informal public meeting on December 10, 2012 starting at 1:00 PM at the CRC offices located at 555 E Washington Ave, Ste. 3100. Nevada interested entities, including potential applicants for an allocation of Hoover power from Western, are invited to attend. CRC staff will provide an overview of Western's proposed marketing criteria to support interested entities' evaluation of the potential impact of Western's proposed marketing criteria and to assist them in determining whether to participate in Western's Public Information Forums or Public Comment Forums or to file written comments to Western on the proposed criteria. We request that you register for this informal CRC meeting at: www.crchoverallocation.com.

CRC OCTOBER WORKSHOP

The Colorado River Commission of Nevada (CRC) held its first Informational Public Workshop on October 30, 2012 in Las Vegas. The CRC, along with a representative from Western Area Power Administration (Western), provided information on opportunities for Nevada entities to

apply for a portion of Hoover power that will be deliverable beginning October 1, 2017. The presentations included explanations of what Hoover power is, what is being reallocated and how Western and the CRC will proceed with their allocation processes.

A copy of these presentations can be viewed at:
