Dear Western Customers and Interested Parties,

Thank you for your continued interest and participation in Western's Boulder Canyon Project Post2017 marketing efforts. On October 30, 2012, Western published a *Federal Register* Notice (FRN) containing proposed marketing criteria. This FRN initiated a public comment period on the proposals that extended through January 11, 2013. Public information forums were held in November and public comment forums in December.

This email serves as notice that all comments received on the proposed marketing criteria, public comment forum transcripts, and associated sign-in sheets are posted to Western's Post2017 website at: [http://www.wapa.gov/dsw/pwrmt/BCP\\_Remarketing/PublicForums.htm](http://www.wapa.gov/dsw/pwrmt/BCP_Remarketing/PublicForums.htm)

After careful review and consideration of all comments received, Western will publish a subsequent FRN announcing its final power marketing criteria and making a call for applications.

If you have any questions, please contact Mr. Mike Simonton, Public Utilities Specialist, at 602-605-2675 or by e-mail at [Simonton@wapa.gov](mailto:Simonton@wapa.gov).

Best Regards,

Debby Emler
