Dear BCP Post-2017 Interested Parties:

On December 21, 2011, the Hoover Power Allocation Act (HPAA) was enacted into law. The HPAA has a significant impact on the marketing of Boulder Canyon Project (BCP) resources after the current power sales contracts expire on September 30, 2017. Western shall serve a critical role in the implementation of the HPAA and seeks further communication with interested parties.

Western will conduct an informal public information meeting with all interested parties on June 19, 2012 at 2:00 p.m. at Western's Desert Southwest Regional Office located in Phoenix, Arizona. The intent of this meeting is to provide interested parties an opportunity to learn more about the provisions of the HPAA and to provide Western input regarding potential marketing criteria that could be used in allocating a BCP resource pool.

The attached notice letter provides the necessary details in the event you would like to attend this informal public information meeting.

Regards,

Dear Boulder Canyon Project Interested Parties:

The Boulder Canyon Project (BCP) Firm Electric Service contracts administered by the Desert Southwest Region (DSW) of Western Area Power Administration (Western) expire on September 30, 2017. On December 21, 2011, the Hoover Power Plant Act of 2011 (Public Law 112-72) (HPAA) was enacted into law. The HPAA prescribes certain key aspects for the marketing of the BCP as of October 1, 2017, including specified amounts of contingent capacity and firm energy to be offered by Western to existing BCP Contractors. The HPAA also directs Western to create a resource pool of contingent capacity and firm energy to be allocated to new allottees.

Western is committed to timely and meaningful communication with interested parties as it prepares for implementation of the HPAA. Prior to initiating a public process to implement the provisions of the HPAA, Western will host an informal public information meeting. The intent of this meeting is to provide interested parties an opportunity to learn more about the provisions of the HPAA and provide Western input regarding potential marketing criteria to be used in its disposition of the resource pool to new allottees. This informal public information meeting will be held on June 19, 2012 at 2:00 PM at Western's DSW office located at 615 South 43<sup>rd</sup> Avenue, Phoenix, Arizona.
