**Subject:** Comment on proposed regulations in section 34

**Importance:** High

**Craig,**

**As we have discussed, Basic Power Company is not able to allow any third party to have access to the BMI complex common electrical system. We propose that Section 34(5) be modified by adding the following provision:**

**Each Contractor that operates electrical facilities which serve other Contractors may, in lieu of providing the Commission with the ability to physically disconnect another Contractor's power, act at the specific written direction of the Commission to disconnect such other Contractor, provided that the Commission shall indemnify, defend and hold such Contractor that acts to disconnect another harmless from any claims that such the disconnection was not authorized by this Regulation or was otherwise wrongful for any reason.**

**Thank you,**

**Colen**
