Unclassified Position Announcement

POWER FACILITIES ELECTRICIAN

Las Vegas

RECRUITMENT OPEN TO: The Colorado River Commission of Nevada (Commission) is seeking qualified applicants for the position of Power Facilities Electrician (PFE) for its Power Deliver Project Group. This is an unclassified, fulltime position open to all qualified applicants and the hiring may occur during the recruitment process. This position is appointed and served at the pleasure of the Executive Director of the Colorado River Commission of Nevada and reports directly to the Power Facilities Manager.

AGENCY RESPONSIBILITIES: Under the direction of the Power Facilities Manager, the PFE performs operation and maintenance task related to CRCNV's high voltage transmission and distribution system. The PFE is expected to perform at a journeyman level, capable of completing routine electrical and substation maintenance tasks with moderate direct supervision. The PFE is expected to work independently on routine tasks and in conjunction with the Power Facilities Manager and/or the Senior Power Facilities Electrician (SPFE) on complex tasks.

RECRUITMENT: Open to all qualified candidates, vacancy located in Las Vegas, Nevada.

POSITION DESCRIPTION:

Advise and provide recommendations to the Power Facilities Manager regarding safe work practices and procedures. Perform all work in a safe manner and in strict compliance with Commission's high voltage transmission and distribution safety program.

Perform routine maintenance of equipment and tools. Perform routine maintenance of fleet equipment. Perform routine building maintenance and including custodial duties, such as HVAC maintenance, lighting maintenance, painting, and cleaning.

POSITION DESCRIPTION (Continued):

Perform equipment, facility and system maintenance programs and instructions, including preventative maintenance checks and inspections. Assist with routine equipment maintenance projects, such as oil degasification, fan and motor replacements, gasket replacements, panel wiring, yard maintenance, and equipment cleaning and painting. Assist with major equipment overhaul and replacement projects, such as bushing replacements, arrester replacements, and equipment contact replacements. Respond to system emergencies and unscheduled outages.

Carryout standard operating procedures for equipment, facilities, and systems. Comply with Commission's facility clearance and switching policies. Carryout equipment, facility, and system energization programs. Maintain certified switchman status and conduct switching as necessary.

Perform quality assurance and safety inspections of contractor-performed work, including both capital projects and maintenance contracts, occurring at Commission substation and transmission line facilities.

MINIMUM QUALIFICATIONS:

Electricians' journeyman's card, proficiency in low voltage electrical systems, experience in medium voltage, experience in PV systems, experience with system controls, ability to problem solve, ability to work in a team environment, ability to represent the Commission in a positive manner to customers.

SPECIAL REQUIREMENTS:

A valid driver's license is required at the time of appointment and as a condition of continued employment. A background check is required.

APPROXIMATE GROSS SALARY: Starting salary depends on education, experience, knowledge, and abilities of a candidate to full the needs of the position. Candidates with less experience may be considered with a lower starting salary with the opportunity for increases over time as the candidate grows in the position. The salary ranges from approximately \$70,000 to \$98,805 for the Employee/Employer retirement plan pay scale and is adjusted lower for Employer Paid retirement plan.

DEADLINE: Applications will be accepted until the position is filled.

Submit a cover letter and résumé to:

Gina Lee Goodman
Office Manager

Colorado River Commission of Nevada
555 E. Washington Avenue, Suite 3100
Las Vegas, NV 89101

E-mails submissions will be accepted and should be sent to:
